

Where do we stand?

- DigiMig report and industry agreement are still valid – FM shutdown by the end of 2024 at the latest
- AG DigiMig pursues two alternatives:
 - 1.) Switch Off 2022/23 (SRG ahead of private radios)
 - 2.) Switch Off at the end of 2024 (SRG and privates together)
- Decision on the final variant and communication beginning of 2021
- Ongoing expansion of the networks and promotion of DAB+
